BILAL AHMED

Full Stack Developer

@ bilalahmedawan059@gmail.com 🔗 https://bilalchanger49.github.io/portfolio/ 📍 G-14 Islamabad

SUMMARY

I am a dedicated full-stack developer with nearly 2 years of experience in Laravel and related technologies. I'm passionate about developing high-quality applications and enjoy the challenge of problem-solving with clean, efficient code. Currently, I am enhancing my skills at Cloud Quik, aiming to contribute to impactful projects and work collaboratively in dynamic teams.

EXPERIENCE

Laravel Developer

Cloud Quik

📅 01/2025 - 01/1970 📍 Islamabad, Pakistan

A company focused on building scalable backend systems

- Leading the development of custom modules and REST APIs using Laravel
- Collaborating with frontend teams (React.js) for seamless UI integrations
- Managing deployment workflows and optimizing performance for large-scale applications
- Handling client-side requirements and translating them into backend architecture
- Implementing role-based access control and secure authentication features

Laravel Developer (Project-Based)

CDL Cell

📅 07/2024 - 11/2024 📍 Islamabad, Pakistan

Project-based development environment

- Developed a course app and project tracking system in Laravel
- Implemented CRUD operations, authentication, and validation mechanisms
- Improved page load time by optimizing queries and applying eager loading
- Collaborated with a small team to meet academic and technical milestones

Web Developer (Intern → Junior Dev)

SoftTech Media

📅 01/2024 - 07/2024 📍 Islamabad, Pakistan

A media company engaged in web development

- Worked on client projects using Laravel
- Built reusable components for user dashboards and admin panels
- Integrated third-party APIs for payment gateways and email notifications
- Gained exposure to agile environments and teamwork in real projects

Web Intern

Eziline (Pvt) Ltd

📅 05/2023 - 08/2023 📍 Rawalpindi, Pakistan

A private limited company focusing on web solutions

- Developed a responsive website UI using HTML, CSS, and JavaScript that reduced overall page load speed
- Collaborated with project managers to successfully deliver projects on time, resulting in an increase in organizational efficiency

KEY ACHIEVEMENTS

💎 **Speed Programming Champion**
Secured 1st place out of 50+ in RIU speed programming competition

💎 **Advanced React Course**
Completed Meta Advanced React course on Coursera with a 95% final score

SKILLS

Agile   Bootstrap   CSS

E-Commerce   GitHub   HTML

JavaScript   Laravel

Microsoft SQL Server   OOP

Payment Gateways   PHP   React

REST   SQL   Stripe   Tailwind

Gmail

PROJECTS

Real Investment (FYP Project)

📅 01/2025 - 01/1970

Real Investment app focused on real estate investment through tokenization

- Built a full-stack web app that allows users to invest in real estate through fractional ownership using tokenization
- Implemented features like property listings, user registration, share management, income distribution, and Stripe payments

Course-Hub

📅 01/2024 - 07/2024

A platform to facilitate online course sales and management

- Developed a course selling platform with instructor dashboards and video streaming capabilities
- Implemented functionalities for free and paid course access and social authentication

EDUCATION

BS Software Engineering

Riphah International University

📅 01/2021 - 05/2025   📍 Islamabad, Pakistan

Intermediate (Pre-Engineering)

IMCB F-10/4

📅 01/2019 - 05/2021   📍 Islamabad, Pakistan

Matriculation (Science Group)

APS ACS, EME Campus

📅 01/2017 - 05/2019   📍 Rawalpindi, Pakistan
